 [@Aayushh-Anand](#)

 [/Ayush Anand](#)

SKILLS

Languages	: JavaScript, Java (DSA), Python, SQL, HTML/CSS, Tailwind CSS
Frontend	: React.js, Next.js, Tailwind CSS, Streamlit
Backend & APIs	: Flask, REST APIs, API Integration
AI & Machine Learning	: Scikit-learn, NumPy, pandas
Databases	: MongoDB, MySQL
DevOps & Tools	: GitHub Actions, Git, Postman, VS Code, Prettier

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning	(2023 – 2027)
<i>Maharshi Dayanand University</i>	<i>CGPA: 8.0</i>
Class XII (CBSE)	78%

PROJECTS

ReelIQ: AI-Driven Movie Recommendation Engine [[Github](#)]

Python | Scikit-Learn | NLP | Streamlit | REST APIs

- Architected a content-based recommendation system using **TF-IDF vectorization** and **Cosine Similarity**, optimizing relevance through NLP preprocessing like tokenization and stop-word removal.
- Automated real-time data retrieval by integrating the **TMDB API**, enabling seamless fetching of movie posters, cast details, and production metadata.
- Developed an interactive web dashboard using **Streamlit**, providing an intuitive UI for users to explore and filter recommendations dynamically.
- Implemented a scalable backend architecture to handle concurrent API requests, ensuring low-latency response times for end-users.

Achievements & Certificates

Introduction to Generative AI | Google Cloud & Simplilearn — Sept 2025

- Completed comprehensive training on Large Language Model (LLM) fundamentals and the implementation of generative AI solutions.

5G PHY Layer Engineering | IIT Delhi — Dec 2023

- Successfully participated in a specialized training workshop organized by the **5G Indigenous Test Bed O&M Team** at the Indian Institute of Technology, Delhi.

Edunet - SkillsBuild Orientation | IBM SkillsBuild — Oct 2025

- Earned professional certification through the Your Learning Builder system, focusing on foundational industry skills and professional orientation.
